Universal Aviation Brings Industry Leading Service to India

Houston, Texas (Sept. 26, 2007) – Universal Weather and Aviation, Inc. is expanding its presence in India through the opening of Universal Aviation in downtown Delhi, further ensuring the region has access to the company’s full range of ground handling services.

“Universal® has had ground handling support in India for some time, but we are excited to announce that with the opening of a Universal Aviation location, we can now offer our clients traveling to India and within the region an even greater level of quality and consistency,” said Lex den Herder, Universal Aviation Regional Director, Asia and the Pacific. “The employees at this location have been professionally trained and adhere to Universal’s quality and safety standards. The staff is English-speaking and well versed on the intricacies of both the local and regional needs of operators traveling within the region.”

The professional staff at this location coordinate landing and overflight clearances, slots, ground handling, transportation, catering, hotels, local sightseeing tours, and more for both India and Nepal.

It is located in downtown Delhi and is led by Country Manager Rajesh Sethi. The location is available 24 hours a day, seven days a week to respond to regional needs.

For more information on this Universal Aviation location in India, contact Rajesh Sethi at resthi@univ-wea.com or Lex den Herder at ldenherder@univ-wea.com or at (713) 628-2083.

###

At Universal Weather and Aviation, Inc., our goal is to become a vital extension of our clients’ flight operations teams. Universal® offers a wide range of services designed to provide business aviation operators seamless service from start to finish. Universal’s wide range of services includes flight planning, weather briefings, online tools, the UVair® Fueling Card, Universal Aviationsm worldwide ground support, UVdatalink® air-to-ground communication, and more. Universal has been facilitating successful trips for business aviation operators since 1959.
