Universal Aviation in Singapore to Provide Ground Handling Coordination for Aircraft Participating in Singapore Airshow 2008 Static Display

Singapore (Feb. 18, 2008) –Universal Aviationsm in Singapore will be providing ground handling coordination for aircraft that are participating in the Singapore Airshow 2008 static display at the new Changi Exhibition Centre, Feb. 19-24.

“Our availability to provide services during the entire air show operating hours will assure all operators participating in the static display will have their arrival, departure and demonstration flight needs well attended to by our responsive Operations Coordinators,” said Yvonne Chan, Managing Director, Universal Aviationsm in Singapore.

Information on Universal Aviationsm in Singapore as well as additional Universal Aviationsm worldwide ground support locations in the region will be available at Exhibit S99. Universal Weather and Aviation, Inc. will also have a presence at Exhibit S99, highlighting its core services, including UVair[®] fuel, the company’s host of self-help and online tools, and its new scheduling center in Manila, Philippines.

Universal Aviationsm in Singapore provides ground handling services to aircraft operating into Seletar Airport (WSSL) and also provides ground handling supervision for aircraft operating into Changi Airport (WSSS). In addition, it applies for regional landing and overflight permits, and coordinates regional ground handling for clients.

For more information on Universal Aviationsm in Singapore, visit its Web site at <http://singapore.universalaviation.aero> or e-mail it at singapore@universalaviation.aero.

###
